- Girls on the Run
- AIM Pathways to Proficient Reading sponsored by Read for America
- Reading Buddies

## About Moffet...

### Our Vision

The vision of Moffet School is that every child will learn to his or her full potential. This is a vision relayed to and shared by all stakeholders, including students, parents, teachers, administrators, and the community. A continuous process that involves ongoing monitoring and assessment and modifications as needed of both student work and instructional practices will be employed to maintain this vision and to make it a tangible reality.

### Our Mission

The mission of the John Moffet Elementary School is to develop lifelong learners and productive citizens who have the skills and confidence needed to reach their full potential, the ability to apply their learning effectively and creatively in the community and marketplace, the acceptance and respect for cultural diversity, and the capability to work cooperatively with others to solve problems and adapt to a changing technological environment.

## What People are saying about Moffet...

"The staff is very knowledgeable and dedicated to providing their students the best possible education; they care about Moffet and it shows..."  
~Greatschools.org

"...teachers really care about them (*students*) and have gotten to know them as individuals. The teachers are excellent and are willing to work with parents should anyone have any specific concerns about their student." ~Greatschools.org

"...a place where teachers go with the intention to retire there, which results in very low turnover...The stability, helps the school promote kindness, gentleness, and peace.." ~Principal Navarro  
PhillyVoice

"...once you walk through the doors, you easily see the passion and commitment of the educators and staff. This was surprising, refreshing" and inspiring." ~PhillyVoice

"We're doing different things at the school to ensure our kids are having fun in the classroom and outside of the classroom. We also want to enhance our investment in the community. We're making sure our school, stakeholders, parents and the community are involved in what we're doing at the school." ~Principal Johnson Philadelphia Tribune
